### 1.1. Why is Netgalley important?

Netgalley is a popular platform that connects professional readers and publishers. Authors and publishers promote their work digitally and allow members to request access in return for **Amazon reviews** and feedbacks on other sites like **Goodreads**.

### 1.2. Who is Books Go Social?

As a self-publisher or private person, you can't list your book on Netgalley directly. You will need a publisher who could accept you as partner.

At the end of 2020 we partnered up with **Books Go Social** to offer self-publishers a solution to make your book available on Netgalley which is almost the best and white hat solution to get your initial reviews after the launch.

### 1.3. The service

**Description**

As a twenty-something corporate employee with a doctor-in-training girlfriend, Livingstone Modical Ackerman—Liv, to his friends—personifies success. Yet all is not as it seems. His job is tedious and soul-gutting, his girlfriend is a vacuous, image-conscious snob, and, meanwhile, his pathologically narcissistic parents are constant irritants. Add to this the febrile political climate dominated by a reactionary group, the Patriot Posse, led by a mendacious radio personality with outlandish hair and catchy campaign slogan to “Make America Great Again,” is a presidential candidate—and he’s winning!

Overwhelmed and struggling to maintain a sense of dignity and worth, Liv quits his job, breaks up with his girlfriend, and leaves for Spain to explore the existential question: Why live?

Told with humorous charm and wit, *Why Liv?* examines why modern work is so devoid of purpose and why reactionary politics is so alluring in America. Most of all, it humbly attempts to offer a reason to persevere during difficult times.
